

The Most Cost-Effective Security Keypad and Home Controller for Any Home or Business

Centralized control of security system, video cameras, Z-Wave® enabled thermostats, lights, door locks and shades from the Tuxedo Touch controller or through any local Wi-Fi® enabled devices.

Manage energy costs with customized scenes that can set back thermostats and turn lights on or off based upon specific events or time of day.

Large 7" touchscreen and most intuitive user interface makes operation simple.

Honeywell Total Connect™ Remote Services provide you with a great opportunity to earn more RMR while enhancing your customers' lifestyles. They can control their security systems, view cameras, receive email and video alerts and control their lights, locks, thermostats and more—all on the same mobile devices they use each and every day.

A built-in web server allows the user to control their system locally from any Wi-Fi enabled P.C., smartphone or tablet.

Enhanced security with the ability to view up to four IP cameras right at the keypad.
